Alumni Association Board

All alumni of the William & Mary School of Law are members of the William & Mary Law School Association. The Association's mission is to nurture beneficial ties both among its graduates and between those graduates and the Law School. The Association seeks effective communication among Law School alumni, faculty, students and administrators. The Association also seeks ways for these groups to work together productively and have good times together. The Association always remembers William and Mary's ambition that its law graduates be outstanding citizens and leaders, as well as excellent lawyers.
